

Moorhead Library Board  
Board of Trustees, Regular Meeting  
January 13, 2015  
**Director's Report – Additional Items**

**Materials and Services**

- The Moorhead Library now offers two iPads in the children's area for use by children and families. The iPads feature games and activities geared toward that age group.

**Building Issues**

- A grant was submitted to the Otto Bremer Foundation to remodel the meeting rooms and kitchenette in the lower level. The project would involve new paint, furniture and carpet along with new technical equipment for the meeting rooms and new appliances for the kitchenette. If the grant is awarded, the Friends of the Moorhead Library will contribute the funds to purchase the technical equipment and appliances. Youthbuild will contribute to the project by painting the rooms and assisting with the assembly of furniture.

**Staffing Issues**

- The Moorhead Library welcomes Jessica Hillesheim, our new 25 hour/week Assistant. This position is made possible due to the City Council's vote to provide extra funds to the library's 2015 budget.

**Moorhead Library Board**

- According to the Moorhead Library Board bylaws, the reduction in size of the LARL board does not mean a reduction in size to the Moorhead Library Board. Two open positions, the Ward 1 and Ward 2 appointments, are pending.
