

Lake Agassiz Regional Library

Celebrating a TIMELESS Summer at Your Library! ⌚

This year, Lake Agassiz Regional Library proved that Reading is Timeless! We invited young adventurers across our seven-county region to step into the ultimate Summer Reading Program, where turning pages meant unlocking awesome prizes, diving into unforgettable events, and making timeless memories all summer long.

Studies have shown that encouraging children to read during the summer months helps alleviate the dreaded "summer slide" learning loss, and the library is proud to offer programming and services to support literacy efforts to maintain and enhance learning for youth across the region.

This year's Summer Reading Program by the numbers:

- Over the course of 61 days, **135 programs** were held which welcomed nearly **4,500 attendees**.
- Nearly **80% of participants** completed the 20-day reading challenge more than once and over **500 teen reading logs were completed**. Great job and ***keep reading!***
- **34 community partners** got involved, offering support and programming across the region.

Thank you to every reader, caregiver, community partner and sponsor who made this summer such a success! We hope you'll join us again next summer.
